Objective

Motivated B.Tech CSE (AI/ML specialization) student with strong foundations in Python, SQL, data visualization and machine learning . Passionate about transforming raw data into meaningful insights. Seeking the Google Data Analytics Apprenticeship to gain hands-on experience, apply analytical skills, and contribute to impactful data-driven decisions.

Education

Bachelor of Technology – Computer Science & Engineering (AI/ML)
Uttarakhand Technical University, Dehradun | Expected Graduation: 2027
Relevant Coursework: Data Structures, Probability & Statistics, Database Management Systems, Machine Learning, Data Analytics

Skills

- Programming & Tools: Python, C++, SQL, Excel, Pandas, NumPy, Matplotlib
- Data Analytics: Data cleaning, Visualization, Reporting, Statistical Analysis
- Soft Skills: Problem-solving, Communication, Critical Thinking, Team Collaboration

Projects

Movies Recommender System(Python, Pandas, Streamlite)
• Analyzed 5,000+ movies records to recommending the similar movies.
• Created Streamlite based webapp to make it easier to search movies.

Rock Vs Mine detection(Python, Pandas, Numpy ,Matplotlib)
• Cleaned and processed 10,000+ data for tracking the material in front of a submarine.
•It usually a practice model for ml basic.

Certifications

- Google Workspace Bring AI Professional Certificate.
- SQL for Data Analysis – [Platform Name]
-AWS SUMMIT – Amazon

Achievements

- Volunteer for college fest participation (2023&2024).
- Secured top 10% in college-level coding hackathon (2024).
